DETAILED ACTION

Allowable Subject Matter

1. Claims 11-16 are allowed. The following is an examiner's statement of reasons for allowance: the prior art made of record failed to teach the particular method steps for hand out of a mobile station from a private to public wireless telephone system with reference to the applicant's Remarks filed 20 June 2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Buttitta et al. (US 5,913,166) discloses a method for providing call hand out for a mobile station from a land-line supported private base station to a public cellular base station. Vanderpool (US 6,421,368) discloses a method for hand off between public and private wireless systems.
